This course is definitely CHALLENGING. The only thing I really don't like about it being mostly online is not enough practice knowing the layouts/formats of the charts (balance sheets, reconciliations, etc.) Other than that, I love the challenge & it feels good knowing I can understand the material after all. Ms. Diskin is a great instructor & is making my learning experience a lot easier.

Very patient and understanding/reasonable!

Professor Diskin is a guardian of truth and sanity
in a world of lies.

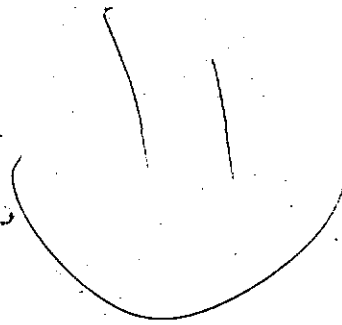

The instructor has made it ~~pleasant~~ a fun learning experience but I did wish this class was twice a week.

Instructor interact with student. Explains
course very clear.

accounting is hard for me but professor Diskin is always there to help & she is VERY approachable!

I enjoy her teaching and hope she ~~continues~~
at miracosta she will make great students ^{continues working} here

Wonderful Instructor, Took the time to help the students that are struggling.

I like the online part of this course on Connect. The problems contribute to my learning.

I have no real issues with the instructor, but the class structure (hybrid) does not positively contribute to learning the material. The online material is insufficient at best to learning Accounting because it encourages random guesses rather than practice if one does not understand the concepts, and promotes lazy behavior should a student give up.
