

MiraCosta College highly values academic integrity. At the core, this means an honest representation of one's own work. MiraCosta College also promotes the approach that education is best accomplished as a cooperative, collaborative enterprise in which students are encouraged to work with and learn from each other. The line between academic integrity and collaborative education is not always easy to define and may vary from one discipline to the next and from one instructor to the next. Many aspects of cheating and plagiarism are universally recognized, while others are subject to debate. This policy provides some broad, general guidelines and allows instructors to be more restrictive according to their preferences and practices.

Examples of academic dishonesty include but are not limited to:

- A. Cheating—copying from another student or using unauthorized aids during an examination.
- B. Plagiarizing—copying someone else's work or ideas and misrepresenting them as one's own.
- C. Falsification—making up fictitious information and presenting it as factual or altering records for the purpose of misrepresentation.
- D. Facilitation—helping another student to cheat, plagiarize, or falsify.

Remedies for violations of academic integrity are up to the instructor and may include a verbal warning, a lowered assignment grade, submission of an Academic Integrity Report to the Vice President of Student Services or designee (for placement into the student's permanent discipline file), or a recommendation to the Vice President of Student Services, for suspension from the class for repeated or egregious offenses.
