

Unless otherwise instructed, Ranking Tasks will be graded using the following rubric.

| Points | Guidelines |
|--------|---|
| 2 | <p><u>correct ranking:</u> thorough, detailed, correct response using only our course materials as presented; maybe one minor science content error</p> |
| 1 | <p><u>correct ranking:</u> major errors in, or omitted a major component of, the explanation OR explanation does not stand alone, i.e. <i>*requires*</i> other rankings to support it; explanation can refer to another ranking but this must not be a <i>necessary</i> part of the explanation OR explanation contains references not used in class, <i>especially equations when this is not how the information was presented in class</i> OR <u>incorrect ranking:</u> did attempt a legitimate explanation that attempts to support the incorrect ranking</p> |
| 0 | <p><u>correct ranking:</u> repeated the answer instead of explaining it OR explanation relies on variations of “you said”, “I looked it up”, “on page...it says”, “I know/remember”, etc. OR unreadable or incoherent explanation OR no meaningful attempt at explanation OR <u>incorrect ranking:</u> given answer is not one of the available options OR unreadable or incoherent explanation OR no meaningful attempt at explanation OR <u>no meaningful attempt worthy of grading</u></p> |
